

Wound Healing Foundation

is working for you!

Foundation & Friends Fundraising Updates

Patient driven fundraising

WHF was the proud benefactor of proceeds from a Valentine's Day ball held in Nashville, Tennessee. Organizers of the benefit were mother and daughter team Mary Bell and Maria C. Witherspoon with support of husband and father Dennis and oldest daughter DeAndrea. After Mary Bell experienced firsthand the importance of wound healing, she realized most people were not aware and were not educated about the need for optimal wound healing. Mary Bell proposed they raise funds specifically for WHF. Their efforts raise \$500 and they are already planning their next event. Money raised by the Witherspoons is earmarked for future pressure ulcer related grants and education. Please join us in thanking the Witherspoon family and watch for updates.

Buy this book

discount!

The editors and authors of the book **Basic Biology and Clinical Aspects of Inflammation** gave **ALL** of their royalties to the WHF! Go to: <http://ebooks.benthamscience.com/book/9781681082271> to support research for young investigators. You can purchase the chapters you want or the entire e-book. Thank you to the publisher and all of the generous participants!

Enroll in goodsearch

Go to www.goodsearch.com to get started and enter **Wound Healing Foundation** as your cause to support. When you search the Internet or purchase goods online, you contribute to the WHF scholarship fund.

The Goodsearch & Goodshop programs are secure and do not cost you or the WHF anything. The money comes from online advertisers as part of their agreement with Goodsearch. This a great place to get coupons and have between 1 and 20% of the purchase donated back to the WHF.

It takes less than 2 minutes to get started and the scholarship you fund could be your own!
